

- ☒ Read the website segments from the perspective of a new-comer and evaluate if the wording of the is easily understood.
- ☒ Probably look at competitor's website to get some ideas
- ☒ Come up with better wording for each website segment.
- ☒ Examine the SANYIKO Android application - Kieni dairy domain
- ☒ Look for bugs and wording adjustments
- ☐ compile Wednesday's report

## Thursday

### Tasks for the day

- ☐ Inquire about the users of Sanyiko app
- ☒ Determine each users workflow -- the one I have is vague, maybe we should create a user guide? and a developer documentation.
- ☒ inquire about user guide
- ☒ inquire about developer guide
- ☒ Learn what IMS expert is
- ☒ find IMS expert website flaws
- ☒ Learn what MFI expert is, in preparation for tomorrow's login

## Friday

- ☒ look at the flaws in the MFI website
  - ☒ read the 3 brochures
    - ☒ hire-purchase financing - file missing
    - ☒ sacco - file missing
    - ☒ credit only microfinance
- ☒ get access rights on both MFI and IMS.
- ☒ If Harsha has not yet shown up, start learning about Wordpress.

**This physical logbook is just a summary of the online version logbook at : [https://github.com/kiarie404/Attachment\\_journal](https://github.com/kiarie404/Attachment_journal)**

**Lessons learnt are at the end of the Logbook**

**Supervisor's signature :**
